

Online Collaboration Tools Content Forum Presentation by Tom Nickel, USU

Community: Levels of Participation

[Online Learning Community Website](#)

Responsibility

Students moderate discussions, manage games and activities

Use Lists at [Yahoo Groups](#) to manage [Async Collab](#), from [Thiagi](#)

Information

Subscribe to free ezines on relevant topics, learn how to skim and filter,

Then do something active with the info

[Collaborative Quizzes](#), at [Quia.com](#)

Diversity

Automatically entails need for multiple channels for expression, examples:

[Weblogs](#), one of the free ones being [Blogger](#)

Use of [Async Voice](#), thru [Wimba](#) (x-platform, thin client Java, thru firewalls)

Self-Management

Scaling up by distributing management

[SlashLearn](#) an experiment built on [SlashDot](#)
